PROJECTS

KUMAMO │ https://github.com/CYCBrian/project-1-kumamo-recipe-app │ https://cycbrian.github.io/project-1-kumamo-recipe-app/
Engineered a web application aimed at mitigating food waste by providing personalized recipe recommendations derived from available household ingredients.
Led the development process encompassing wireframing, user story creation, seamless API integration, meticulous design and implementation of buttons, and efficient page transitions.
Utilized HTML, CSS, JavaScript, and 3rd Party APIs to deliver a user-centric and functional solution.

EXPERIENCE

Assistant to Director   2018 – 2023
Honest Express Limited   Hong Kong, HK
Supported the director in various capacities, gaining experience in project management by organizing and overseeing tasks and deadlines. Contributed to investment analysis efforts, conducting market research to identify trends and potential investments. Engaged in hands-on learning about business growth, exploring new connections and opportunities alongside the director's guidance.

Social Service Worker   2017– 2018
Neighbourhood Information Post   Toronto, CN
Managed financial assistance programs catering to underserved individuals and families, ensuring their access to vital resources. Orchestrated community events, meticulously planning and coordinating to foster local engagement and support. Supervised activities for the Chinese senior group, providing translation services to facilitate effective communication and participation.
